After dimensioning the lines, notice the lines change from Blue to Black. This is the way SolidWorks indicates that the geometry is defined, meaning that we have added enough information (dimensions and/or geometric relations) to define the geometry in the sketch. The status bar also shows "Fully ...

What we have just done is we have created a new Sketch and are now in the sketch environment. This is where we will create the profiles that will be used to make Extrusions, Cuts, etc.

SolidWorks gives us many indications, most of them graphical, to help us know when we are working in a Sketch.
