File Type PDF Breaking Through The Status Quo

One possible explanation is that change requires us to break through the status quo - the existing state or condition. This state is comfortable, familiar and already in place. Since we naturally gravitate to whatever course of action requires the least amount of effort, the status quo can be a real barrier to enacting positive change.

I've always this
thought is important to
consider when you re
leading change: Don't
sell the solution until
you sell the problem.
