Excerpts From 1984 By George Orwell

1984 has come and gone, but George Orwell's prophetic, nightmarish vision in 1949 of the world we were becoming is timelier than ever. 1984 is still the great modern classic of Negative Utopia. I recently revisited this book after many years of absence, and while reading along I highlighted many

Like a lot of people, I read 1984 by George Orwell in school and read it again this past year as the trumpeting of alternative facts were taking center stage. The thing that struck me most this second time around wasn't "Big Brother," or "War is Peace," but the exhaustive altering and erasing of facts, as shown in the following 1984 quotes.
