The answer to the question "Is God a Mathematician" depends very much on your world view. Those of faith that believe in a transcendent creator God will surely answer with a resounding YES. But Atheists and other non believers are likely to think mathematics is nothing more than an invention of the human mind.

Is God a Mathematician? by Mario Livio - Goodreads

A nice book, but not as stunning as his "brilliant blunders". This book suffers from "confirmation bias", the author repeatedly citing examples from everywhere to bolster his central argument that the god is a mathematician, while deliberately avoiding claims against. This book is sorta philosophical, and does not contain any mathematics.
