Kindly say, the solaris english edition is universally compatible with any devices to read

Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Various translations of Solaris, including the English one. Both the original Polish version of the novel (published in 1961) and its English translation are titled Solaris . Jean-Michel Jasiensko published his French translation in 1964 and that version was the basis of Joanna Kilmartin and Steve Cox's English translation in 1970 [7] (published by Walker & Co., and republished many times since).
