The Death Of Homo Economicus

In The Death of Homo Economicus, Fleming presents this controversial claim with the same fierce logic and perception that launched his Guardian column into popularity. Fleming argues that as an invented model of a human being, Homo economicus is, in reality, a tool used by economists and capitalists to manage our social world through the state, business, and even family.

The Death of Homo Economicus: Work, Debt and the Myth of ...

In the world of Peter Fleming's book The Death of Homo Economicus, we drown in debt and are crushed by work. Everyone has student loans, credit card debt, or payday lenders on their heels. Trapped by these obligations, most of us have no choice but to work until we die at our desks, or snap, and go on the lam.
