factory, Smith shows how specialisation can boost human productivity enormously. By specialising, people can use their talents, or acquire skill.

The Wealth of Nations — Adam Smith Institute

The Wealth of Nations. Despite its renown as the first great work in political economy, The Wealth of Nations is in fact a continuation of the philosophical theme begun in The Theory of Moral Sentiments. The ultimate problem to which Smith addresses himself is how the inner struggle between the passions and the “impartial spectator”—explicated in Moral Sentiments in terms of the single ...

The work is considered the foundation of modern economic philosophy - a field established by Adam Smith, who studied social philosophy at the University of Glasgow and Oxford.

the Wealth of Nations by Adam Smith - Download the free PDF

Smith's seminal work, *The Wealth of Nations*, aims to create a new understanding of economics. Smith writes largely against the mercantile system that existed at the time of writing, but, along the way, gives a complicated but brilliant account of an economic system based in human nature and deeply rooted social dynamics.
